

# Wawa has 100's of cultural & natural assets!

## Who, What and Where are they?

The Wawa Community Cultural Mapping Project is asking for your input to create an inventory of natural and cultural resources and assets in the Wawa area.

## What are natural and cultural resources/assets?

Use this brochure as a guide to identifying the six categories of resources and assets while you think of examples in your own backyard...the Wawa and surrounding area.

**WHY?** A community that knows its assets is a community that attracts entrepreneurs, visitors and business development!

## What cultural and natural resources and assets do you know are found in the Wawa area?

Please list them in each category on the side panel and drop this brochure off at the Public Library, Town Hall or the Community Centre Pro-Shop.
